ABOUT US

The word 'DOOZYDOC' is a combination of two words "DOOZY" meaning 'something outstanding or unique of its kind' just like our caregivers and "DOC" an acronym for 'doctor' which refers to "Unique Doctors".

Akshay Gupta completed his B.Tech from VIT Vellore in Computer Science and was offered many lucrative jobs. Inspired by his late father Dr. Arun Gupta a renowned Medical Oncologist of Jaipur who treated more than 10,000 cancer patients realised the need of Professional home health care services. Concerned that the patients need to visit hospital for minute medical issues, they conceived the idea of complete hospital services at home, including ICU Services, Skilled Nursing, Caretakers, Diagnostic Services, Emergency Services, Medicine Delivery, Medical Equipment on rent etc.

On February 2019, Akshay Gupta conceptualised this effort as DoozyDoc Healthcare Solutions Pvt. Ltd. with a focus of providing trained and professional care at home fulfilling his dream of serving patients at their doorstep.
